

DRINKING WATER NOTICE

Monitoring Requirements Not Met for Newcomb Middle School

We violated a drinking water requirement. Even though this is not an emergency, as our customers, you have the right to know what happened and what we are doing to correct this situation.

**We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During the period of 07/01/2023 to 09/30/2023 we did not monitor for Coliform and therefore cannot be sure of the quality of our drinking water during that time.*

What This Means

There is nothing you need to do at this time. The table below lists the contaminant(s) we did not properly test for, how often we are supposed to sample (frequency) and how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which follow-up samples were (or will be) taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples were (or will be) taken
Coliform	One sample per Quarter	0	07/01/2023 to 09/30/2023	12/20/2023

Steps We Are Taking

WE HAVE SINCE TAKEN THE REQUIRED SAMPLES AS DESCRIBED IN THE LAST TABLE ABOVE. THE SAMPLE SHOWED WE ARE MEETING DRINKING WATER STANDARDS.

For more information, please contact Scott Krisanda of Pemberton Schools at 609-893-8141.

**Please share this information with all the other people who drink this water, especially those who may not have received this notice directly. You can do this by posting this notice in a public place or distributing copies by hand or mail.*

This notice is being sent to you by Newcomb Middle School. State Water System ID#: NJ0329301.
